

## SDD Major Project Survey for James Balajan's Screensaver Suite

Name: Ms Saki

Date: 03/05/19

Q1. Would you use the clouds and mountains screensaver on your computer?

☒ (Yes) ☐ (No)

Q2. What are some concerns that you have with the screensaver in its current state or some features that you would like to see added?

I like the clouds/day/night rising & falling,  
a slow pitch paced, peaceful music to go  
with it will make it a complete experience.

Q3. Would you use the mandelbrot fractal screensaver on your computer?

☒ (Yes) ☐ (No)

Q4. What are some concerns that you have with the screensaver in its current state or some features that you would like to see added?

No concerns - visually stunning & therapeutic.

Q5. Would you use the metaballs screensaver on your computer?

☒ (Yes) ☐ (No)

Q6. What are some concerns that you have with the screensaver in its current state or some features that you would like to see added?

*This one is my favorite & but I would  
add some enigmatic music.*
