

SDD Major Project Survey for James Balajan's Screensaver Suite

Name: ~~XXXXXXXXXX~~ Sam Stacy

Date: Friday - 03/05/19

Q1. Would you use the clouds and mountains screensaver on your computer?

(Yes) / No

Q2. What are some concerns that you have with the screensaver in its current state or some features that you would like to see added?

- Shadow movement not smooth → makes the screen saver
som buggy
- Would be cool if the skyline changed colour, as if
the sun was setting

Q3. Would you use the mandelbrot fractal screensaver on your computer?

(Yes) / (No) → Just not my style / personal preference

Q4. What are some concerns that you have with the screensaver in its current state or some features that you would like to see added?

N/A

Q5. Would you use the metaballs screensaver on your computer?

(Yes / No)

Q6. What are some concerns that you have with the screensaver in its current state or some features that you would like to see added?

→ Transition from water to sky seems a bit
strange / unrealistic

Thank you for taking the time to complete this survey

I verify that I am the one responding to this survey, as listed by the name field above.
